MOTIONS

8. **Call for Intervention to Address the Gully Erosion in Ideato North/South Federal Constituency, Imo State:**
Hon. Ikenga Imo Ugochinyere Ikeagwuonu

The House:

Notes that Section 14 (2) (b) of the Constitution of the Federal Republic of Nigeria, 1999 (as amended) states that the primary purpose of Government is to protect the lives and properties of the citizens;

Also notes the devastating impact of the gully erosion in Ideato Federal Constituency, affecting over thirty-two (32) communities including Umueshi, Amanator, Urualla, Isiekenesi, Isiokpo, Umuaghobe, Ozuomee, Obodoukwu, Arondizuogu, Akokwa, Umumaisiaku, Umuobom and surrounding areas;

Concerned that thirty-two (32) Communities in Ideato North/South Federal Constituency are currently facing gully erosion, threatening their lives and access to essential services like healthcare, education, trade and road infrastructures;

Alarmed that the gully erosion has worsened, destroying homes, farmlands, causing total road collapse, in Umueshi-Amanator-Isiekenesi road, particularly the Urualla gigantic erosion sites 1, 2, and 3, which is currently threatening to sink the heart of Urualla and Afor Urualla communities, Umueshi, Amanator, Isiekenesi, Isiokpo, Umuaghobe, Ozuomee, Obodoukwu, Arondizuogu, Akokwa, Umumaisiaku, Umuobom Bridge;

Recalls that Ideato land is home to influential national figures and patriots like Mbaonu Ojike, K.O. Mbadiwe, Elochukwu Njaka, Ferdinand Anaghara, and Maduakor, hence the need for urgent intervention to preserve their ancestral heritage;

Commends the Federal Government's Previous intervention at the Umuchima gully erosion site, which has been taken over by the Imo State Government;

Aware that the erosion has destroyed lives and properties and if nothing is done urgently to curb the menace more lives and properties will be lost;

Resolves to:

- (i) urge the Federal Government to declare Ideato Federal Constituency an erosion disaster zone, and take drastic steps to curtail gully erosion in the communities in Ideato North/South Federal Constituency;
- (ii) also urge the Federal Ministries of Works and Environment, the Ecological Funds Office, the Federal Road Maintenance Agency (FERMA), the Niger Delta Development Commission (NDDC), and the South East Development Commission (SEDC) to embark on immediate intervention, rehabilitate, reconstruct and remedial works on the Umueshi Amanator- Isiekenesi gully erosion and the collapsed Road, Urualla gigantic gully erosion sites 1, 2, and 3, Afor Urualla communities, Isiokpo gully erosion, Umuaghobe, Umumaisiaku, Akpulu, Akokwa, Obodoukwu and Arondizuogu gully erosion and the collapsed road, and the sinking Bridge in umuobom all in Ideato North/South Federal Constituency, Imo State;
- (iii) further urge the Federal Ministry of Humanitarian Affairs and Poverty Reduction, the National Emergency Management Agency (NEMA) to provide relief materials to the displaced victims of the gully erosion in Ideato North/South Federal Constituency, Imo state;
- (iv) mandate the Committees on Works, Emergency and Disaster Preparedness, Environment, Ecological Funds, South-East Development Commission (SEDC) and the Niger Delta Development Commission (NDDC) to ensure compliance and report within four (4) weeks for further legislative action.

9. Electrification of Umumbo, Omasi, Umerum and Omor Communities through the Rural Electrification Projects:

Hon. Gwacham Maureen Chinwe:

The House:

Notes that access to electricity is a fundamental driver of economic growth, social development and improved quality of life;

Aware that Communities in Umumbo, Omasi, Umerum and Omor with significant population size and contributions to agriculture in Anambra State and Nigeria in general are unconnected to the national grid, while other Communities suffer from inadequate electricity supply;

Concerned that these communities are the largest producers of rice, yam, and cassava in the State and the lack of stable electricity supply hampers agro-processing storage facility, small-scale enterprises, education, healthcare delivery, and general socio-economic advancement;

Aware that the Rural Electrification Agency (REA) of Nigeria has a mandate to extend electricity to rural and underserved areas through grid extension, solar mini-grids, and other sustainable energy models;

Also concerned that despite multiple appeals from Community stakeholders and local leaders, no significant intervention from Federal or State government to end the lingering electrification challenges in the Communities;

Cognizant that electrifying these Communities will improve the living standards of the residents, boost agricultural productivity, reduce rural-urban migration and support microeconomic growth;

Resolves to:

- (i) urge the Federal Ministry of Power and the Rural Electrification Agency (REA) to include Umumbo, Omasi, Umerum, and Omor communities in their immediate rural electrification project in the 2026 budget estimates;
- (ii) mandate the Committees on National Rural Electrification Agency and Rural Development to conduct a needs assessment of the affected communities and liaise with relevant federal agencies for intervention and report within four (4) weeks for further legislative action;
- (iii) mandate the Committee on legislative compliance to ensure compliance.

10. Need for the Federal Government to Intervene on the Menace of Erosion and Flood at Fagge, Kano State:

Hon. Muhammad Bello Shehu:

The House:

Notes the impending disaster of flood and erosion in Kano as predicted by the Nigeria Hydrological Services Agency (NIHSA) and National Emergency Management Agency (NEMA) that approximately 3.8 million Kano residents across 362 Communities are potentially at high risk of flooding;

Also notes that the House had passed three resolutions on these same issue on 25 July, 2023, 27 June, 2024 and in March, 2025 unfortunately, no action has been taken by NEMA, the Ecological Funds Office and the Ministries of Works and Environment;

Concerned that the Ecological Fund Office's activities have been minimal over the past two years, raising concerns about their primary mandate of mitigating ecological issues;

Aware that Kwarin Gogau, Yanmata Gabas (Darerawa), Kwaciri (Sabon Birni, Alfa, Tudun Bojuwa, Alasawa, Jaba, Kwarin Akuya) and Kwakwaci all in Fagge Local Government Area of Kano State are faced with severe and destructive environmental degradation and poverty as a result of erosion and floods occasioned in the said communities;

Cognizant that the erosion and floods have severely impacted negatively on the industrial developments, leading to low food production, and if not addressed, the situation will worsen;

Resolves to:

- (i) urge the Federal Ministry of Environment in conjunction with the Ecological Funds Office to intervene by assessing the erosion problems, provide erosion control and remediation projects in all the affected communities;

- (ii) also urge the National Emergency Management Agency (NEMA), to supply relief materials to the affected areas;
 - (iii) further urge the Federal Ministry of Works to rehabilitate and reconstruct the affected roads;
 - (iv) mandate the Committee on Works to ensure compliance.
-

COMMITTEE MEETINGS

S/N	Committee	Date	Time	Venue
